# WELCOME TO TASMANIA

WE CAN'T WAIT  
TO SHARE OUR  
ISLAND WITH YOU

— Australia's most southerly state is no ordinary place. And Tasmanians are no ordinary people. Geographic isolation has contributed to unique biodiversity – globally significant and dazzling in its beauty – and it's also fostered a rare community of creative, down-to-earth, resourceful people with time to make you feel welcome. Seasonality and hospitality go hand in hand. One of the joys of travelling in Tasmania is not just the joy of tasting farm and ocean-fresh produce, but the ease of meeting the makers at cellar doors, farm gates and local markets.

You'll soon see that when we do things, we like to do them our way. Take our distillers, using native botanicals and, in some cases, leftover machinery to make some of the best spirits in the world. Hop on a ferry to witness an alternative universe of ideas and expression at Mona, the most public and provocative private art museum in the land. And join islanders in a packed schedule of events and festivals that celebrate all the good things in life.

More than a third of the island is protected as national parks, reserves and World Heritage areas, and much of it is easily accessible on foot or aboard a cruise. Ascend the tallest sea cliffs in the southern hemisphere on the Three Capes Track, and breathe some of the purest air on Earth. Walk in valleys where towering Huon pines grow for thousands of years, where rivers meet rare temperate rainforest, and snow-peaked mountains shadow buttongrass plains.

This is a place for adventure – test yourself on scores of wild mountain-bike trails, tee off on world-class links perched over Bass Strait, cast for wild brown trout in glacial tarns, or visit one of several wildlife sanctuaries to closer encounter some of our elusive native wildlife.

A journey to Tasmania is a chance to disconnect from the stresses of life, and reconnect with the things that matter.

Come down for air.

## Bonorong Wildlife Sanctuary (A)

Bonorong Wildlife Sanctuary is a social enterprise, wildlife rescue base and sanctuary – a very different experience to a zoo. Focusing on the unique wildlife of Tasmania, Bonorong is home to a number of species found nowhere else – some of whom are not able to be released due to injuries, and are required to stay in care. A visit to the sanctuary contributes to the funding of Tasmania's 24-hour rescue service and wildlife hospital. Over the last few years, extra enclosures have been built and upgraded. The wildlife hospital is now open regularly, allowing guests to observe procedures, with improved multi-media installed to share some of the animals' stories of survival. Bonorong's rescue service continues to rescue more animals, year on year.

## West Coast Wilderness Railway (A)

Allow original, heritage locomotives to take you deep into Tasmania's cool, temperate rainforest, while ontrain guides tell the story of the communities that lived along the line during the early 20th century. Disembark at remote stations to admire the western wilderness and marvel at the tenacity of those that came before you.

Half day journeys usually depart Queenstown and Strahan year-round, however, WCWR will close for major upgrades from June 2023 and reopen in time for the 23/24 visitor season. See [wcvr.com.au/trade](http://wcvr.com.au/trade) for updates and more information.
